PROFESSIONAL SUMMARY

I am a Full Stack Developer with practical experience in HTML, CSS, JavaScript, Node.js, Express.js, and MongoDB. I specialize in building responsive, user-friendly websites and enjoy turning ideas into fully functional web applications. I strive to write clean, maintainable code while delivering projects that are both efficient and engaging for users.

PROJECTS

Subbalakshmi Marbles Website [Link](#)

- Developed a responsive e-commerce website for a local marble business using HTML, CSS, JavaScript, Node.js, Express.js, and MongoDB.
- Implemented contact form integration, product catalog, and dynamic gallery.
- Deployed the project on Render for live access.

Bihar Yatra Travel Portal [Link](#)

- Built a responsive travel website highlighting tourist destinations in Bihar using HTML, CSS, and JavaScript.
- Created interactive maps, smooth navigation menus, and intuitive layouts for enhanced usability.
- Developed visually appealing front-end interfaces to provide an engaging user experience.
